

# North Austin Pediatrics, P.A.

Finally! Get answers to your child's medical concerns right at your fingertips! Whether on the go, on vacation or at home. The Symptom Checker program, from the American Academy of Pediatrics, will serve as a valuable tool to help you determine if your child is ill, the severity of the condition and what to do next. If it recommends to seek immediate medical care, then give us a call.

It's simple, convenient; on your phone or free on your computer. Here's how to get it.

1. For free, go to [www.HealthyChildren.org](http://www.HealthyChildren.org) website, under Quick Links, click on Symptom Checker OR find the link on our [www.NorthAustinPediatrics.com](http://www.NorthAustinPediatrics.com) website
2. Or for a one time fee of \$1.99, download the **KidsDoc** app from your iPhone app store.

A wealth of information at your fingertips. You'll be so glad you did!

Thank you!  
From your providers at  
North Austin Pediatrics, P.A.

**Parents!**

**Check out our website at**

**[www.northaustinpediatrics.com](http://www.northaustinpediatrics.com)**

**for great resources!**

**Once on the main website page, choose the “Forms & Handouts” tab,  
then “What to Expect at Each Visit”**

**You will find our newborn booklet, vaccine information, and other great resources  
under the prenatal tab as well as detailed information for  
each well check age for your child! Just click on the well check age and it will list any  
Vaccine Information Sheets, any forms to be completed for the well check,  
and important points for that age.**

**Also, under the website’s “Education” tab, is a great spot for questions you might have  
for certain conditions or stages of your child’s life. We will post any news worthy  
updates to our main page of the website as well when needed.**

**We also have social media accounts for Facebook, Instagram, & YouTube, follow us!**
