

North Austin
Pediatrics, P.A.

Neuropsychological Testing Options

Please call providers on the list for the most up-to-date information about their practice. Things change!

Some of the providers on this list participate in insurance plans. Check your insurance website for a list of network providers, then call the provider to confirm his or her “in-network” status. These providers will file your claims and may call your insurance company in advance to inform you of your coverage, benefits and estimated out-of-pocket expenses. This can be very helpful. Other providers on the list do not participate in insurance plans. They treat all clients as “private pay” and provide receipts to file with your insurance. Reimbursement will be subject to the “out-of-network” co-payment and deductible amounts designated by your plan.
